PROFILE SUMMARY

Third-year Information Technology Bachelor of Engineering student with a strong passion for Full Stack Web Development. Proficient in front-end (HTML, CSS, JavaScript, ReactJS) and back-end (Node.js, Java) technologies. Eager to contribute fresh ideas and drive innovation in a collaborative environment, while continuously developing my technical skills..

EDUCATION

Bachelor of Engineering in Information Technology   *2022 -2026*

SPPU, Pune

TECHNICAL SKILL

➢ **Frontend:** HTML, CSS, JavaScript, ReactJS.
➢ **Backend:** Java, JavaScript, NodeJS.
➢ **Database:** SQL, MongoDB.
➢ **Virsion Control:** Git, Github.
➢ **Oprating Systems:** Window, Linux.
➢ **Data Structure & Algorithm.**

PROJECT

➢ **E-Commerce website:** I developed a web application for managing an e-commerce product catalog, featuring product CRUD operations and a shopping cart system. The app allows users to add, edit, delete, and view products, with real-time updates using DOM manipulation and event handling. I implemented a responsive UI with asynchronous JavaScript for API integration and ensured seamless user interactions, demonstrating strong front-end skills in dynamic content rendering and client-side data management.
  - **Programming :** JavaScript.
  - **Database:** MongoDB.

➢ **Personal-portfolio website:** Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase projects and skills. Designed a responsive user interface with smooth navigation and optimized performance across devices. Integrated interactive features such as a project gallery, contact form, and blog. Deployed the site using GitHub Pages, ensuring easy accessibility and regular updates.

➢ **QR Code Generator:** Developed a QR code generator using HTML, CSS, and JavaScript with options for customizing size, color, and embedding logos. The tool is optimized for fast performance and is fully compatible across different devices and browsers. A simple, user-friendly interface along with clear documentation makes it easy for users to create and download QR codes.
